

NEW YEAR GREETINGS

THE HALIBURTON COUNTY ECHO

AND MINDEN RECORDER

Vol. 96 No. 19

"The voice of the Highlands"

Wednesday, December 28, 1977

12 Pages 20 cents

This Coca Cola Truck and its driver Gary Murray, 30, of Bancroft, found that "Things didn't go better," and slid off of the Lakeview curve in Haliburton Village. The truck received \$75 damage and there was \$60 damage to three guard posts. The accident took place Dec. 22

at 3:30 p.m. The truck is owned by Basil Cox and Sons Ltd., of RR 3, Bancroft. Daniel Harley, 18, of Bancroft, a passenger in the vehicle was charged with failing to wear a seatbelt assembly.

Foundation donates funds for new mobile incubator

Haliburton - The Atkinson Charitable Foundation, of Toronto has made a mobile incubator available to the Haliburton Ambulance Ser-

Dangerous use of a firearm

Minden - A 21-year-old man has been charged with dangerous use of a firearm and a second 21 year-old man has been charged with assault causing bodily harm and common assault as the result of two incidents at the Rockcliffe Hotel in Minden, Dec. 24.

Robert E. Beausoleil, has been charged with dangerous use of a firearm from an incident involving him and Derek Allen Warburton between midnight and 1 a.m.

Warburton has been charged with the two assault charges as the result of an incident involving Beausoleil later that afternoon.

vice through a \$2,373.50 donation.

The incubator is correctly known as "the mobile OHIO transport incubator, intensive care - isolation type."

The funding was received by the Municipality of Dysart et al Nov. 18 and the unit was placed in service November 22.

The incubator is stored and maintained at the Red Cross Hospital, Haliburton and is available to all ambulance services in the immediate area should the need arise. Haliburton personnel are prepared to meet any of these services part way with the incubator in order to save time or if their personnel are

unfamiliar with the units operation the Haliburton crew will make the complete trip.

"I would like to take this opportunity to thank the people at the Atkinson Foundation for their kindness and concern in this regard. For after more than a year of searching through Federal and Provincial Ministries for

potential sources of funding it was refreshing to deal with people who have a genuine interest in people and their welfare and who are prepared to back that interest with more than lip service." Wayne Wood, clerk-administrator of Dysart et al and ambulance supervisor said in a letter to the editor of The Echo and Recorder.

Parents are not happy with proposed swimming program

Coboconk - According to a letter to The Editor of The Echo and Recorder, "The

majority of parents in the Bexley Township area and many taxpayers are against the proposed swimming pro-

gram in Lindsay."

The letter was signed "Concerned Parents of the Coboconk Public School."

Scott happy with act

Bill C-5 known as the Election Expenses Act pass-

ed third reading in the House of Commons late on the

afternoon of Friday, December 16th. "It might be recalled that this Bill which is an attempt to make the Election Expenses Act more equitable and intelligible was first brought to the House at the end of October," a release from Bill Scott MP Victoria Haliburton said. Following criticism of some of the Bill's shortcomings by Opposition Members, the government temporarily withdrew it the first week of November. Subsequently, the Legislation was referred to committee where it has been given close scrutiny in recent years, he noted.

"It is gratifying to note that on the two issues which the Conservative Party felt to be of major importance, the government reversed their position. Thus in the case of both indexing and anonymous donations the Bill which was reintroduced to the house by the minister contained changes which had been advocated by the all party house committee," Mr. Scott said.

In speaking briefly prior to passage of the bill last week, Mr. Scott praised the co-operation which had been evident in the committee and expressed his gratification at

11 car crashes in week

Minden - Members of the Minden detachment of the Ontario Provincial Police investigated six reportable vehicle collisions and five non-reportable collisions during the week of Dec. 19 to 26.

During that time there were 52 general occurrences, one compassionate message delivered, one liquor violation, one break and enter and eight snow vehicle charges.

Figures show decline in school enrollment but board will not release them publicly

Haliburton - Doug Hodgson, director of education for the Haliburton County Board

of Education, admitted to the Haliburton Echo that he has figures compiled by himself

on declining enrollment in Haliburton schools but said the document was confidential and would not be released to the news media.

Mr. Hodgson said that his figures did not correspond with other figures compiled in the area. He told The Echo that the figures were arrived at by using census taken for the county.

The Echo learned that the figures about declining enrollment were announced to the board of education's trustees in a meeting two weeks ago.

The newspaper was told by a trustee that the figures Mr. Hodgson had compiled showed a large decrease in the number of students attending schools in Haliburton over the next few years.

Trustee Len Salvatori said that Mr. Hodgson does not want to release the figures he has compiled until he can compare them with other figures.

"The figures don't compare with what the province has," Mr. Salvatori said.

He did note though the figures could indicate as much as a 500 student drop over the next five years in Haliburton.

"Everyone has to take a look at declining enrollment," Mr. Salvatori said.

He noted that it will mean problems for the entire community.

\$8,500 damage in two vehicle accident

Minden - An accident on Highway 503, east of Gooderham, Dec. 19 resulted in a total of \$8,500 damage.

The Minden detachment of the Ontario Provincial Police report that there was \$6,000 damage to a pick-up truck driven by Dale Miner, 20, of Lindsay and \$2,500 damage to a pickup truck driven by Alfred Kimble, 42, of Minden.

The OPP report that Kimble was eastbound spreading sand and Miner was westbound at the time of the collision.

Miner has been charged with failing to share half of the roadway. The accident took place at 4:30 p.m. There was no injuries.

A two vehicle accident on Highway 121 near Haliburton Village resulted in \$800 damage to a pick-up truck driven by John Woods, 73, of Tory Hill.

The second vehicle was road building equipment driven by John Smith, 36, of RR2 Haliburton.

Smith has been charged with failing to yield the right of way from a private road.

The accident took place Dec. 22 at 12:45 p.m.

A two vehicle accident Dec. 26 on Mountain Street in Haliburton resulted in a total of \$650, damage.

The OPP report that there

was \$250 damage to a car driven by Dale LaPorte, 18, of Lindsay and \$400 damage to a pick-up truck driven by Randy Barnum, 22, of Haliburton.

Barnum has been charged with failing to share half of the roadway. The accident took place at 4 p.m.

Family homeless

A fire last week in Lochlin resulted in a home being burned to the ground, a family of four left homeless and all their belongings destroyed in the blaze.

The Haliburton Fire Department were called out at 4:20 p.m. to the home of Mr. and Mrs. Carlos Aceros and their two daughters aged four and six. When they arrived

the house was being ravaged by flames. The firemen fought the blaze for three hours but their efforts were all in vain as the house burned to the ground.

Captain Burry of the local Salvation Army Corp. told The Echo that he will see that donations will go toward helping this family particularly during the Christmas season.

Largest Lake Trout caught in Drag Lake

Haliburton - A Lake Trout, caught in Drag Lake has turned out to be the biggest entered in the Molson's Big Fish contest.

Robert Tirilis, of Hamilton, proved that the Haliburton County lake is still one of Ontario's big lake trout producers. "He hooked his 38 pound, eight ounce lunker while trolling deep with his small Williams Whitefish, in late June," a release from the

Ontario Federation of Anglers and Hunters stated.

Mr. Tirilis, a heavy equipment mechanic for DOFA-SCO, hooked the fish at about 10:30 a.m. June 26. He was towing about 400 feet of line at the time.

He told his wife to shut the engine off, that he had something big on. After only about five minutes he had the fish to the boat.

A first attempt to net the fish failed, but the second

time around Mr. Tirilis grabbed it by the tail and pushed it in the net just to make sure.

The fish was his biggest catch since he started fishing in 1954.

As well as being 38½ pounds the fish was 42¼ inches long, 32 inches in girth and 5½ inches thick.

For more information and pictures on the Molson's contest see County Echo Sports.

The Christmas spirit was all around us last week. Students at the Haliburton Highlands Senior Elementary School were among the many school students in the county to participate in activities. Here some youngsters are shown putting on a play.

Many memories came back to Haliburton Highlands residents in 1977 when the Golden Slipper was torn down. The slipper was one of the

more "famous" landmarks in the area. For a rundown on 1977, see page 3.

Bill Smiley

The Boys

By BILL SMILEY

WE GOT an early Christmas present at our place this year. My daughter, who is training to be a teacher, was heading into a hairy week of practice teaching real kids in a real school. My wife, in a sudden burst of compassion and stupidity, volunteered to take The Boys for a week.

At time of writing, we've had them for three days. And nights. It hasn't seemed an hour more than three years.

My old lady has aged a decade, hasn't spoken a civil word to me for 48 hours, and is threatening to move into a hotel and leave me stuck with the pair.

This morning, in a desperate effort to obtain a little peace, she got up at six o'clock and went downstairs to make a cup of tea and read for a few minutes, in blissful solitude. She'd just settled in a chair when she heard this horrible, familiar sound: the thump! thump! of tiny feet descending the stairs.

It was No. 2 son, armed with a big grin, a loaded diaper and a hearty appetite for breakfast. Her groan awoke me, all the way upstairs, where I was trying to snatch 40 winks, after sleeping, or attempting to, with No. 1 son. He sleeps crossways, upside down, or kitty-corner, and kicks the clothes off both of us every five minutes.

It's not that they are bad boys, it's just that there are two of them. Either, by himself, is a delight to have for a visit. But when they're together, it's like a onearmed man trying to cope with a cage of monkeys.

We brought two large boxes of their favorite toys and teddy bears and puppets. They can litter two floors of the house with these in two minutes, then ignore them while you pick them all up.

It's much more fun getting into Gran's innumerable cupboards and drawers and nooks and crannies, and dragging out everything that is not nailed down or cemented over.

On my desk, as I write, are: one baby's bottle, one large strainer from the kitchen, one fire iron, and our only flashlight, carefully taken apart. On the floor behind me is my chess set, 80 spoons of Gran's thread, mainly unwound, and the baby's potty chair, completely virgin.

I am away behind with my mail, and I haven't read a paper since The Boys arrived. Trouble is, it takes one of us to police them, while the other is frantically trying to get something essential done, like ironing a shirt or cooking some grub.

It isn't that they fight a lot. They fight all the time. The older one is very intelligent and very curious. He'll find something like the short step ladder, climb it, and see how hard he can jump on the

floor. The younger one tries to emulate him. vets in the way, gets a kick in the face from big brother, squeals in mingled rage and pain, bites big brother on the calf, and they're into it.

Last night, after dinner, they wanted their mitts on. One of us wearily struggled them on, anything for peace, and the two immediately started boxing. For real. The little guy would absorb a punch on the ear, go down laughing, struggle up, rush his brother, and overwhelm him with a flurry of punches. He's two years younger, but just as strong and twice as pugnacious.

This sort of thing is hell for a mild, middle-aged couple who believe that little children should be kind and sweet and generous with each other.

I was almost drowned the other night when I tried to give them both a bath at the same time. I used to bath them singly when they were tiny, and it was a lovely experience, being so gentle and careful that the little heads didn't get a bump, or the eyes get soap in them.

Now it's a cross between catching a greasy pig and being an octopus with six tentacles missing. They wrestle at one end of the tub and do belly-flops. They have splashing matches in which both get soap in their eyes and yell fiercely. It ends only when one or other slips on the soap and cracks his noggin on the tub.

It isn't as though we aren't used to children. We had two of our own, and while they were trying at times, they'd get a slap on the bum if they tried to be as boisterous as The Boys.

But this is the new generation which thinks that a kid's whole being is warped and stunted if he gets an occasional belt on the backside. They, think, the little guy should be allowed to go bare bottom a couple of hours a day, so he won't feel repressed by his diaper, or something. So he promptly stands in the middle of Gran's newly-cleaned rug, gets a faraway look in his eye, and pees a golden stream. Put him on his pot, of course, and he just grins.

And this crowd is not taught any respect for property. They are used to banging around in rented quarters, and their parents haven't anything worth breaking anyway, so they are given free rein to that vandal that is hidden in all of us.

Thank the dear goodness I have to go to work every day and have eight hours of comparative peace. But I'm worried about Gran. Another couple of lamps knocked over, another box of oatmeal sprinkled into the downstairs john, and she's off to the bug-house.

From last week From Lumberjack

Prohibition was brought about in Canada by the government as a war measure act when the first was on. Also, the Czar of Russia closed all bars in Russia for the same reason. The Russian Czar did not live to see the end of the war. I do not know what liquor regulations they have in Russia today. They can't be worse than that which we have in Canada.

At the time of prohibition, Saskatchewan had its own police force. The Saskatchewan Provincial Police. It was their job to enforce the liquor act. Some of their methods were questionable to say the least. Most of the farmers in the district where we lived came from Central Europe. They brought with them the know how to make home brew. Their equipment was fair game for the police if they could find it. There was a stool pigeon in town who kept the police pretty well supplied with information on the home brew artists. When the police made a raid on a farm, they managed to arrive there at four o'clock in the morning, scare the wits out of the guy, fine him \$400, and not give him any receipt for his money. I am afraid a lot of that money never reached the governments hands. The next item I write about will

give my readers good reasons why we thought so.

The hotelkeeper in our town used to do a little bootlegging. The police fined him so many times, he put his hotel up for sale. The deal was handled by one of the local estate agents. When the smoke of battle cleared away, who emerged as the new owner, you guessed it, one of the provincial police.

Sometimes the police were victims of some practical jokes. About this time an aunt of mine was working in a hotel in a frontier town in Alberta. One day a mountie came to town. He put his horse in the livery stable and went to the hotel. He proceeded to get friendly with the staff. He asked my aunt if she knew where there were any blind pigs. My aunt said she did and gave him the section, township and range where this blind pig could be found. In due course the policeman arrived at my uncles farm. He asked my uncle to see his blind pig. My uncle took him to the barn and showed him a pig that had been blind from birth. The policeman saw he had been tricked, gave a wry smile, mounted his horse and rode away.

To say the police did not

MONDAY JAN. 2

HALIBURTON RED & WHITE

HALIBURTON, ONTARIO

A look at Haliburton County in 1977

January 5, 1977

There is a need for a great deal of planning including an official plan before any restructuring of Haliburton County can be done, according to Sinclair Nesbitt, Reeve of Stanhope Township. In his welcoming address to the new council, Monday, Mr. Nesbitt said that an official plan for Stanhope, to be incorporated with the official plan for Dysart is something that will have to be done this year.

January 12, 1977

There just might not be any funds in 1977 for the second stage of Haliburton Village's sewer project. Reeve Murray Fearrey said that Minister of Environment, George Kerr has gone back on his word and that Dysart Council has been assured that although funds would not be available in 1976 the municipality would get a priority position in 1977.

January 19, 1977

The Haliburton Rotary Club has agreed to spearhead a campaign to raise money to make the needed repairs and alterations to the Dysart Arena. Art Ward, President of the club, said that they anticipate getting the drive underway almost immediately. He noted that "some fresh ideas" as to how the money can be raised have been discussed by the club.

January 26, 1977

Dysart et al Council's two fold trip to Toronto Monday didn't come up with any concrete decisions but Reeve Murray Fearrey's hopes were buoyed on the police protection and sewage issues. On the sewage issue, Reeve Fearrey said that the problem is having the second stage of the project completed is purely financial on the part of the Ministry of Environment.

February 2, 1977

Dysart Council has been talking about sewers for the past 10 years and even now is wondering just how soon the project could be completed. Reeve Murray Fearrey said that six years ago the council took a definite stand on sewers despite the fact that Haliburton Village would have one of the highest per capita rates in Ontario. The idea at that time was to service the core of the village and the schools.

February 9, 1977

Last Thursday afternoon, about 5:15 Mr. and Mrs. Barry Simmons of Irondale found themselves and their children homeless, but since that time friends and neighbours have been doing their part to help the family.

February 16, 1977

Dysart et al Deputy Reeve Harold Bannon said that he is still pushing to get the municipality to hire a recreation director but there is still a problem of funds. Deputy Reeve Bannon told The Echo that he is hoping the municipality will be able to fund some money to hire someone for the position.

February 23, 1977

Dysart could have a new curling club by next fall. The membership of the club agreed last week to turn over the present facilities to the municipality and start a campaign to build a new rink on the site of the present structure.

March 2, 1977

An increase of 45 cents an hour to the C.U.P.E. workers with the Haliburton County Board of Education has been agreed upon and was announced at the Feb. 22 meeting of the Board. Increases to Board administration salaried employees were also announced.

March 9, 1977

1976 school board apportionment of taxes will not be adjusted in favour of Anson, Hindon and Minden, Stanhope and Sherbourne, McKintock and Livingstone, the

three municipalities that appealed the method of apportionment used in 1976 before the Ontario Municipal Board hearing in Minden Jan. 31.

March 16, 1977

Dysart Council has agreed to enter into a program in conjunction with the Ministry of the Environment concerning derelict cars. The program will employ one person to locate the cars and tenders will be called for the removal of the vehicles. \$5,000 of the \$12,000, which may be available, will be used for site development of an area to store vehicles.

March 23, 1977

There was very little change in the apportionments for the Provisional County of Haliburton from the various municipalities in 1977 compared to last year. Dysart et al, the largest municipality in the county will now pay 31.90 per cent of the county budget, compared to 32.51 per cent in 1976.

March 30, 1977

An evaluation of whether an OPP detachment might be established in Haliburton Village or whether the policing would be done from the Minden detachment has been completed by OPP Staff Superintendent James Joley, resulting in adjustments to the shift schedule at the Minden detachment, according to Staff Sergeant Jim Tree of the OPP Commissioner's office.

April 6, 1977

In response to an inquiry concerning a rescheduling of officers at the Minden OPP detachment following an investigation carried out by Staff Superintendent James Joley of the OPP Commissioner's office, Minden detachment sergeant Arnold Besteman this week noted that rescheduling goes on all the time.

April 13, 1977

Dysart et al will consider helping Monmouth Township in raising money for a new arena and could help offset an operating deficit which has occurred in the past few years in the old arena.

April 20, 1977

Frank Miller, Minister of Natural Resources said that he knows what the New Democratic Party in Ontario is thinking, but he wished he knew what the Liberals were thinking. "The NDP have a chance at winning the next election, the Liberals do not," he said.

October 12, 1977

The Leahy Family provided a great deal of the entertainment at the first annual Fiddle and Step Dancing championships at the Haliburton Legion. These three members of the family performed a couple of numbers together on the fiddles.

April 27, 1977

At least two members of Haliburton County Council are under the impression that there is a service problem between the Victorian Order of Nurses, the Public Health Nurses and the residents of the county.

May 4, 1977

Raymond Gervais plans on moving his "family" to Dysart if his children are accepted in the school system. Mr. Gervais and his wife have 13 children, 10 are foster children. He told The Echo that he talked to Douglas Hodgson, director of Education for the Haliburton County Board of Education and was discouraged by the results of the discussion.

May 11, 1977

A tentative schedule for the construction of senior citizen housing units, in Haliburton Village, has been set at spring of 1978, but that could be moved up. Sid Palmer, a representative of the Ministry of Housing, was at Monday's meeting of Dysart et al's council.

May 18, 1977

Dr. Stuart Smith, Leader of the Ontario Liberal Party, told party partisans, last week in Lindsay, that the province is now into an election campaign that Ontario doesn't need and the people didn't want. Dr. Smith said, "We are into a campaign that will cost you, the taxpayers, some \$20 million."

May 25, 1977

The Haliburton County Board of Education "doesn't have any legal position" with respect to the Gervais family's decision to move a family of 13 to a Haliburton location and enroll the children in the school system, according to board chairman Richard Poole.

June 1, 1977

More than 100 persons filled part of the Haliburton Highlands Secondary School's auditorium yesterday to listen to all three candidates for the upcoming provincial election, June 9.

June 8, 1977

Arthella Smith, a Haliburton resident has sent a letter to the Ministry of Housing with 289 names, in favor of starting a senior citizen apartment building this summer.

June 15, 1977

John Eakins, Re-elected Liberal Member of Parliament for Victoria-Haliburton

October 12, 1977

Cliff Gervais, the district governor for Rotary, spoke to the Haliburton Rotary Club last week. Mr. Gervais spoke on the Rotary's involvement in the community. Jennifer Bowen, the Rotary exchange student from Vitenhauge, South Africa, and Dave Gray, president of the Haliburton Rotary Club.

February 2, 1977

Brenda Toye, Junior Princess, Ellen Farnsworth, Junior Carnival Queen and Erin Gilligan, Junior Princess were crowned on Friday, the opening night of Minden's Winter Carnival.

December 21, 1977

Mandy Smith, 2, daughter of Mr. and Mrs. Carmen Smith, had the chance last Saturday to tell Santa Claus just what she wanted for Christmas.

told The Echo, that he is never a great optimist when it comes to predicting elections, and his margin of victory was greater than he had ever expected.

June 22, 1977

Elementary School teachers in Haliburton and the Board of Education have agreed on a 5.94 per cent pay increase for the teachers this year. The average salary for an elementary school teacher in the county is now \$16,682. a year. The starting rate in the lowest category is \$9,000.

June 29, 1977

Haliburton Village will be getting a new curling club, along with a couple of other facilities in the same building. The Haliburton Curling Club chose to tear the other building down after an engineers report was conducted on the structure.

July 6, 1977

The Haliburton Board of Education and the high school teachers in the county are both looking for contract settlements within the Anti-inflation Board Guidelines.

July 13, 1977

A senior citizen apartment building will not be built in Haliburton Village until 1978.

July 20, 1977

Dysart et al Reeve, Murray Fearrey told The Echo that it will likely be an August or September start on the second phase of the sewer project for Haliburton Village.

July 27, 1977

The Ministry of Government Services is presently negotiating for a parcel of land on the east side of Bobcaygeon Road and the north side of Parkside Crescent in Minden, to locate senior citizen housing there.

August 3, 1977

Three Haliburton County Lakes were found to have some mercury content according to a report from the Ministry of Environment. Brown trout in Cheddar Lake, in Cardiff Township are unrestricted up to 18 inches long. Fish 18 to 22 inches long have some mercury and people should only consume .5 pounds a week at the most.

August 10, 1977

There will be a change in the duty schedule of the Minden detachment of the Ontario Provincial Police so that incidents such as no on duty officers being present for the beginning of the Haliburton Rotary Carnival Parade will not happen again.

August 17, 1977

The Haliburton County Echo, in keeping with its tradition as "The Voice of the Highlands," serving all of Haliburton County, has taken another step forward as the county newspaper.

The Haliburton County Echo and Minden Recorder join forces today.

August 24, 1977

Last year at this time the Lieutenant Governor of Ontario, Pauline McGibbon, attended the Kilcoo Camp Olympics but this year the olympics attended Bobby Orr. Everyone has heard the story many times that Orr may never play hockey again, but the youngsters at Kilcoo Camp, south of Minden, certainly haven't forgotten Orr's spectacular years as hockey's number one star.

August 31, 1977

Minden- The home of Roy and Sharon Greer, on Davis Lake Road, was totally destroyed by fire last Wednesday. It is believed that the fire was caused by wiring which may have been damaged by chipmunks.

September 7, 1977

A wage offer that is within the Anti-inflation Board Guidelines will be voted on by Haliburton County High School teachers within the next day.

September 14, 1977

Secondary school teachers working for the Haliburton Board of Education have reached a stalemate on whether or not to accept a contract offered by the board's salary negotiating committee.

September 21, 1977

Ken Billings has been blind for a year and a half, but during that time has received a great deal of assistance from the Canadian National Institute for the Blind.

September 28, 1977

The Haliburton County Board of Education and the secondary school teachers have agreed on a contract which will give the teachers a 5.7 per cent increase on the salary grid and about 6 per cent with benefits.

September 5, 1977

Minden residents will likely be hooked up to the new sewer system sometime next summer.

October 12, 1977

Pressure from cottagers' associations and municipal councils has caused the Trent Severn Waterway to change its mind about lowering the level of a number of lakes this winter.

October 19, 1977

Bob Stinson, secretary-manager of the Haliburton Highlands Chamber of Commerce, told the members of the Chamber at the groups annual meeting last Wednesday that the Canada Manpower Outreach Office, in Haliburton Village, will continue for another year.

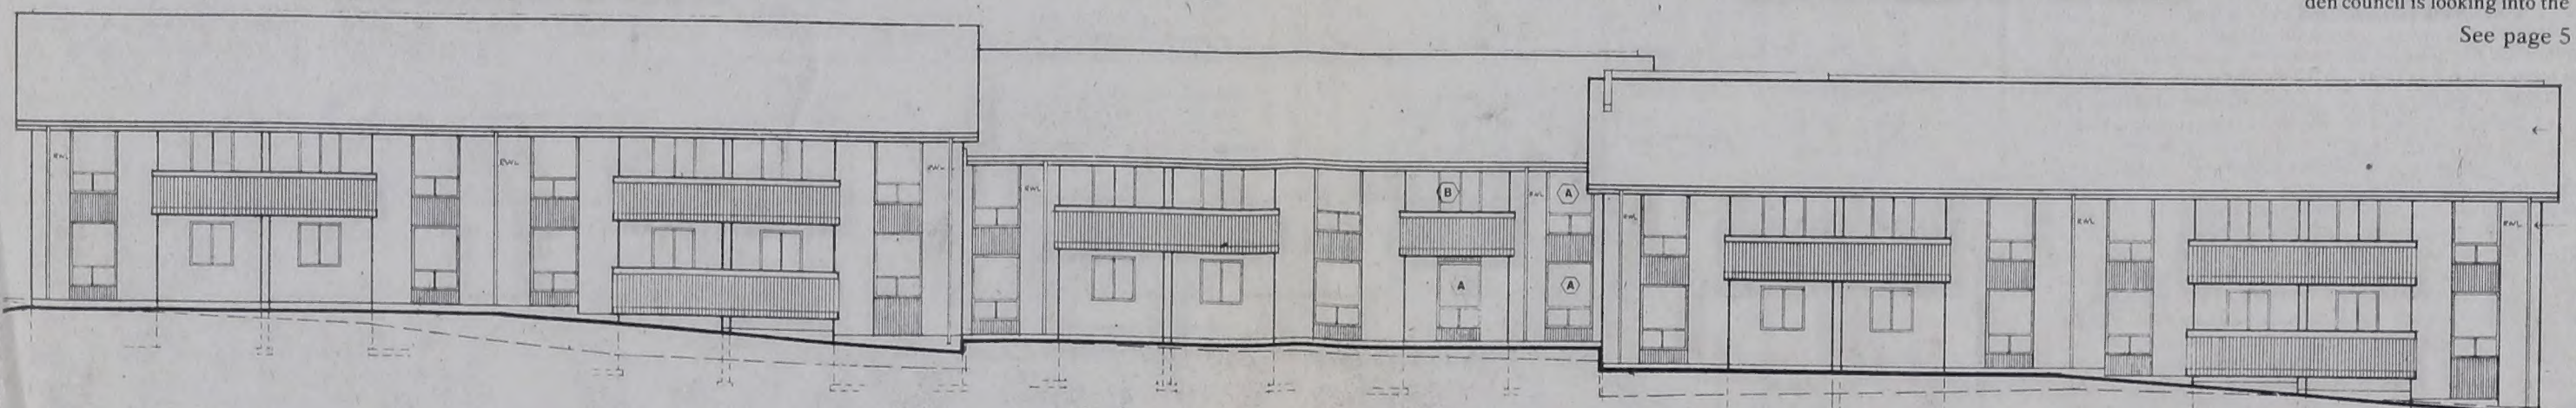

November 2, 1977

Bob Vick, the warden of Haliburton County was honored at the annual Warden's Banquet held Saturday night at the Haliburton Legion.

Anson, Hindon and Minden council is looking into the

See page 5

Dysart et al council agreed to plans for a 35 unit senior citizen apartment building in Haliburton Village. These plans are preliminary and subject to some

change. The construction of the building could start in the spring of 1978. The building is a joint project of the municipality of Dysart et al and the provincial and

federal governments. All three bodies subsidize the project to certain percentages. The building will be constructed on a site on Mountain Street.

Echo Editorials

Haliburton County has made some major steps ahead during the year

Haliburton County took its biggest step in many years during the past 12 months, when the two larger built up areas, Minden and Haliburton, both got underway with sewer projects.

There were many improvements that have happened in the county during 1977. One could make a list many pages long.

We have seen great improvements to recreation facilities. In Monmouth there is a new arena, almost ready to open its doors. In Dysart there is a new curling club plus renovations and improvements to the arena.

In Anson, Hindon and Minden the sports and recreation area has been given a boost in the arm with plans to build a harness horse racing track and make improvements to the fair grounds.

Haliburton County has excellent fire protection facilities and is always improving them. In the health and protection field there are also excellent ambulance service and two good hospitals in Minden and Haliburton. One will find an efficient police force for the area and much more.

We have been blessed with good decisions by our municipal politicians, on the school board and in the council chambers.

We have also been blessed with excellent citizens of the community. The businessmen have done a job in giving us places to shop, our neighbours are friendly and everyone seems to have pitched in to make Haliburton County a good place to live.

With 1977 coming to an end, we who live in the county have a lot to be thankful for and even more to look forward to.

Times have altered our view of work

Times have altered our view of work. The old ethic of work being good for you no matter what form it took, is not so generally accepted today. There is a groping for work to mean more than survival.

At a recent Labor Management Conference the Hon. John Munro, Minister of Labor, cited a new work ethic which seem to be taking shape.

He quoted Professor Eric Trist, an advisor to Labor Canada, who pointed out six psychological requirements for the emergence of a new organization of work.

"1. There is the need for the job to be reasonably demanding in terms other than sheer endurance and to provide some minimum of variety.

"2. There is the need to be able to learn on the job and go on learning - in other words, to utilize and develop one's faculties.

"3. There is the need for some area of decision-making by the individual worker.

"4. There is the need for some degree of social support and recognition in the work place.

"5. There is the need to be able to relate what one does and produces to one's life.

"6. There is the need to feel that the job leads to some sort of desirable future."

We might eliminate a lot of conflict if we realized that work must not only result in production of needed goods or services, but must also be personally productive and personally fulfilling and rewarding. The individual cannot simply be regarded as a cog without personality or feelings.

Opportunity to express opinion in The Echo

The Haliburton County Echo and Minden Recorder offers its readers the opportunity to express opinions on matters of concern to the area.

If there is something you would like to comment on, whether it is good or bad, send us a letter stating your case.

To have a letter to the editor published though, it must be signed with the persons name, address and telephone number.

A FAT LOTTA GOOD THIS'LL DO ME!
— I WON'T EVEN BE HERE!

Letters to the Editor

Dear Sirs:

The Board of Directors of the Lake Kashagawigamog Tourist Association wish to thank you for the good coverage you gave their news letter in your recent edition of your excellent newspaper.

They also wish to express to all in your establishment a very Merry Christmas and a Happy and Prosperous New Year.

Thank you again for your co-operation.

Yours very truly,
Laura Carnegie
Secretary of the L.K.T.A.

Dear Sirs:

Your reply to the letter of Mr. J.G. Strickland re absence of Council minutes in the paper does not seem consistent with the purpose of a county newspaper.

One of the reasons I subscribe to The Echo is to follow the meetings of the Anson, Hindon and Minden Council. If council meetings are not reported then they are being held virtually in camera, which is surely a violation of our democratic rights.

Space should be made available for these reports.

Yours very truly,
S. Skinner

To:

Editor of The Haliburton County Echo:

An episode that happened to my wife with regards to your ambulance service and hospital last summer has been on my mind ever since. Maybe I should have written earlier on this, but I just kept putting it off.

Early in August last summer my wife became violently sick to her stomach. So bad that I felt she should go to the hospital. I phoned for the ambulance and they came in a reasonable time considering we lived about 8 miles from Haliburton and the road in from Highway 121 is rough. The attendants were very efficient and cordial and they only thing I can complain about was that either the driver or his assistant had been smoking a cigar, just prior to arriving at our house.

Secondly, when we arrived at the hospital we were received as if we were outsiders or foreigners. The nurses at the emergency were most inhospitable because they had not been advised we were coming. This could have been an error on my part, but I had assumed the ambulance, with their radio would have advised them. I must again advise that my wife was so sick to her stomach she was bringing up about every 5 to 10 minutes.

On arrival the nurse had to immediately give her something to vomit into.

Thirdly we had to wait for the doctor to come from his office in Haliburton. I am sorry I can't recall his name, but he was a young man. He immediately gave my wife some grav-all by injection and let her stay on the bed stretcher. When he assumed it had taken effect he told the nurse to release her to go home. The wife was still very miserable and bringing up and we pleaded with the nurse to let her stay a little longer or over night, but the doctor advised her to let her go. He said that she couldn't go into a room because she might spread the germ to other patients. I had to take her in a wheel chair to the car, and just outside in the waiting room, she was sick again to her stomach. This happened all the way home.

We are of the opinion that the doctor made an error in his diagnosis. We feel she had eaten some contaminated

food and had food poisoning not the flu. We had turkey just the day before and felt this was the cause for the illness, but the wife was the only one to get sick so that was ruled out. The doctor was advised of this and he too said no. When we arrived home and could reason a little better, the wife advised us that just that day she had eaten a tuna fish sandwich for lunch and it could have been the cause. She was the only one to eat the tuna fish, that had been in the fridge for a couple of days.

We have been residents of the district for over 12 years, paying taxes and helping you people make a living, by buying groceries, clothing, building material and so on. This is the first time we have had to use your ambulance and hospital services and we are most disappointed in both. We can ignore the smoking in the ambulance, but the treatment we received from the doctor and nurses is unforgivable.

If you find time to print this in your paper would you be good enough to send me a copy.

Thanking you in advance.

W.J. Thompson

Dear Friends:

As Christmas fast approaches, our family join in extending Season's Greetings to our good friends in Victoria and Haliburton Counties.

At this time of year, I especially pause to express my appreciation for the friendship and understanding of the people whom it is my pleasure and honour to represent.

This past year has been a very busy one indeed. I have endeavoured to express your concerns in the Legislature and Committee whenever possible. In return, I hope I have been able to keep you reasonable well informed of legislation and happenings at Queen's Park. Communication is most important, so that I, as your representative, can be a good liaison between you and the various ministries.

Many groups, such as school children and teachers, and senior citizens, have taken the opportunity of visiting and meeting with me at Queen's Park. This creates a closer understanding of a Member's work at the Legislature. I invite you to visit with me whenever possible, to enjoy a tour of this beautiful building and to observe a session of the House.

In the short time I have been your representative, I have appreciated the opportunity to know you all much better. My message this Christmas-time would be that we continue talking and meeting together, and understanding each other - not just in Victoria-Haliburton, but as Canadians across the great country. Our servicemen made great sacrifices in two world wars that we might know peace in the world. The greatest contribution we can make at this time is to know and understand our fellowman as an individual, and in our small way create a climate of world understanding and brotherhood.

May friendship, love and truth be not unmeaning words upon our lips, but the sentiments of our hearts and the practice of our lives.

Iris and I and our families join in extending to each of you our very best wishes for a Merry Christmas, Happy Holiday Season, and a New Year of good health and happiness together.

May God bless you all.

Yours sincerely,
John Eakins, M.P.P.
Victoria-Haliburton

Editor's Notebook

By Jim Badgley

We are just getting over the "Ho, Ho" season and right into the "Ha Ha" days, or should I say the Christmas Season and into New Year's celebrations.

For the Badgley's though, we are not looking forward to this next week with great expectations. It will be our last in Haliburton, which is bad enough, but what it means is that I will have to limber up the old body and move again.

Telling a friend recently that we were moving he noted that it is a lucky thing or I wouldn't get any exercise at all. One just has to sit back and dream about the joys of moving.

I can remember a few years ago when we moved to Timmins, Ontario. First there was the hassle of getting a truck but for Shirley and myself that was about as difficult as it would get. For my father and one of my uncles though it was quite a day. They drove the truck first from Oshawa to Brighton and then from Brighton

back to Oshawa and up to Timmins and then back to Oshawa again. A distance of about 1,000 miles in one day. A lot of you people will say that you have driven that far in one day but I would bet that you didn't load and unload a truck as well.

You just don't know how many ways there are to move until you have to do it. First you can go find a generous friend with a big truck who is willing to move you as long as you will help. Or you can find a place to rent a truck and find some friends to help you pack it.

They keep telling me though that the easy way is to get a big moving company to come in and pick up all your belongings, with you only being responsible for getting yourself to the new place.

In the number of moves I have made I have always found it best to shop around a little and see what comes out the best.

Feir Play

By Creighton Feir

We are getting very close to saying good-bye to 1977 and are looking forward with anticipation to the new year of 1978. For many they are of the opinion that we are going into a new year with very gloomy prospects. People are worried over the economic situation, some

are out of work while others are wondering what the future holds in store. One thing that we can't do and it's something that we have done in the past year and that is going around spreading gloom and doom. Our leaders such as Premier Bill Davis tells us that the condition we think we are in is nothing but a state of mine. Prime Minister Pierre Trudeau tells us that if things are going to get better that we have to start to live within our means. I personally think that we have to start to take a different outlook on life and tell

ourselves that things are going to get better and I think that they will. We all have to admit that there are people who are willing to work and just can't get jobs. Others are of the opinion that the government owes them a living and one way or the other we have to get

away from this welfare state that we here in Canada seem to be living in. We haven't got the answers to our present problems we hope that they will have the opportunity to put them into practice in the new year. The year ahead isn't going to be an easy one and I hope

that everyone will pray for our Leaders such as Premier Bill Davis, Prime Minister Pierre Trudeau, our local M.P. Bill Scott, our local M.P.P. John Eakins and the reeves and councillors in every municipality in

Haliburton. The task that lies ahead for all of them isn't going to be an easy one and they are all going to need our support and prayers. Each and every day on television and in the Toronto Daily newspapers all we

hear is all about the bad and depressing things that are happening in the world to-day, but just think about all the good things that are happening that we never hear about because the news media are of the opinion that

the people just want to hear about the depressing news and sensational items. It is our opinion that people have enough worries in their everyday life instead of picking up the newspaper or listening to national news and becoming more depressed. What we are

looking forward to in this new year of 1978 is hearing more of the good things that are happening and about people who are helping people. If there was ever a time that we need something to laugh about now is the time.

As Elwood Glover host of the hour long television programme "A tribute to the late Guy Lombardo" stated that it just won't seem like New Year's Eve without Guy Lombardo. How true this is, but as they say in show business the show must go on. The CBS-TV network is using Guy Lombardo's name and his band

and carrying on as usual this New Year's Eve, with Guy Lombardo's Royal Canadians playing in 1978 from their regular spot at New York's Waldorf-Astoria Hotel. Some people call their music corn, but as Guy Lombardo put it he played his music for lovers not for acrobats. Many local people have told me that they

have had the opportunity of listening and dancing to the music of the Royal Canadians. Maybe I am from the old school or you can call me a square, but you can have your rock and roll, but I'll personally take the music I enjoy and that is from Guy Lombardo and his Royal Canadians. I like to think of Guy Lombardo as the man who played the music that made people happy and

want to get up and dance. I like to remember the days when television was just coming into being and there were very few sets in Haliburton. I was among the many who at that time did not have a TV set, but I can recall every Monday night at 7:00 p.m. a large crowd of men would gather at Rex Boice's garage which was

located on the present site of the new Haliburton Red & White store to watch an hour of the Guy Lombardo show which was brought to us by Loblaw's. I can recall being there every Monday night without fail to watch the programme. The garage ran a line up through to the top of the mountain to a tower which they had installed. We would sit around on chairs and boxes and

some would sit on the floor and enjoy every minute of the sweetest music this side of heaven. So this New Year's Eve when we are ringing in the new year and the Royal Canadians play their theme song "Should Old Acquaintance be Forgotten" I know we will be thinking of the late Guy Lombardo. He may be gone but his music will live on forever.

During the past year we have published fifty-two issues of the Haliburton County Echo and the Minden Recorder. Most people take the paper for granted and don't realize that each week that putting out the paper is something that just doesn't happen it takes the teamwork of the Publisher and all the employees. To

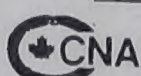

each one of my fellow employees here at The Echo, I want to take this opportunity to wish each and everyone of them and their families a Happy and Prosperous New Year. Also our best wishes to the boys and their staff at Muskoka Web, Bracebridge who do such a fine job each week of printing our paper.

As this will be my last column for 1977 I personally want to take the space that I have left to thank all the businessmen of Haliburton County for the support they have given me on my rounds to pick up their advertisements for the paper. May I say that I have not only enjoyed doing business with you, but I also

enjoyed the many pleasant talks we have had together. I also want to take this opportunity to say thanks to all those people who have helped me out in one way or the other during the past year. I don't want to name names, just in case I leave someones name out. I have needed

help and it's sure nice to know that you my friends have given me great encouragement so that I have been able to carry on with my work. You don't know how much I appreciate it. To all my old friends and the many new ones I have made during 1977 may I wish you all a Happy, Healthy and Prosperous New Year.

This just doesn't seem like the time of year to be talking fishing, but this photo reminds us of the Big Fish now being caught in the area through the ice. The above picture taken in 1920 shows from left to

right, Bill Gainforth, Garf Clement and Herb Clement. Garf is holding the big fish that they caught. Our thanks to Mrs. Phurness Watt of Haliburton for submitting this photo.

Report from Queen's Park

By MPP John Eakins

The Ontario Legislature prorogued on the 16th December.

Ontario's Budget was given formal approval by the Members of the House, and the wind-up speeches in the Budget Debate were given by Stephen Lewis, retiring Leader of the NDP, David Peterson, Liberal Finance Critic, and Larry Grossman, Minister of Consumer and Commercial Relations.

David Peterson, Liberal MPP (London-Centre) said that unemployment was the most significant issue in an Ontario which is apparently "in the process of being de-industrialized." He mentioned programs which the Liberal Party has advanced for alleviating the serious unemployment situation - all of which have been rejected by the Government. The growth rate of the Province is below the national rate, housing starts are way below projections, and failing some new economic initiatives, the people of Ontario will have to make some difficult adjustments, he said.

Proposals aimed at preventing child abuse, strengthening the rights of children in residential care and shortening the length of time youngsters spend as wards of Children's Aid Societies, are outlined in an Ontario green paper released during the last days of the session. The Minister of Social Services told the Legislature that the 140-page paper, containing 128 recommendations touching on seven pieces of provincial legislation is a basis for legislation to be

brought forward next spring, which will eventually be followed by a complete redrafting of all children's services legislation.

These proposals cover legal representation, at the discretion of Family Court judges, to youngsters who appear in court because they are in need of protection; access to the courtroom "as a matter of right for ... a limited number of media representatives to be chosen from among themselves" to report on child protection hearings; a reduction in the time - from four to two

years - that a child can remain either as a temporary ward or under the supervision of the Children's Aid Society to "cut down on the time that a child is left in limbo." In addition, it was proposed that there should be a procedure to review the status of a child in the care of a Children's Aid Society at the request of parents, a CAS or a child over 12 years of age. (At present a request for a review is limited to a parent, a CAS or a child aged 16 applying for the termination of Crown wardship or a parent applying to terminate a society wardship.)

The Minister of the Environment told the Legislature he is studying the possibility of laying charges against Toronto Hydro for its delay in notifying the Ontario Government of a major PCB release in a fire recently.

"If my Ministry could have been there three or four hours earlier, the situation would have been different," he said, adding that if the delay does not amount to a breach of the province's environmental protection legislation, he will amend the law to see that it would in the future. He did not know why his ministry did not install air sampling equipment in a building in Toronto until six days after the fire in an underground Hydro transformer, and admitted that the ministry was wrong to have waited five days before revealing to the public that the fire had vaporized dangerous PCBs.

Youngsters at Victoria Street School finished the year off by holding a number of Christmas activities. The Kindergarten class at the school

was among the many to participate in the activities. One of that classes many activities was this Nativity Scene last week.

Wedding of local interest held in Kitchener

The International Gospel Centre Kitchener, Ontario was the setting for an Autumn Wedding on October 22 uniting Rhoda G. Emmerson, daughter of Rev. Dr. and Mrs. Donald J. Emmerson of Waterloo, Ontario and Malcolm Laughlin McNeil, son of Mrs. Joan McNeil and the late Malcolm McNeil of Kitchener, Ontario.

Rev. Dr. D.M. Emmerson, brother of the bride officiated, assisted by the bride's father.

Given in marriage by her father the bride was lovely in her gown of white chemise

with chapel length train. The bodice was trimmed with seed pearls and small appliques. It had bishop sleeves and chantilly lace. A Juliet cap held her full length illusion veil that was edged with matching lace trim. She carried a cascade of red roses, white stephanotis and baby's breath.

Matron of honour was Mrs. Pat Herzog. Her gown was of brick colour polyester with ivory trim. She carried orange roses and white mums.

The bridesmaids also in brick and ivory colour poly-

possibility of having a harness horse racing track, and grandstand installed at the Minden Fairgrounds, the site of the Haliburton County Fair.

November 16, 1977

It will cost the taxpayers of Haliburton County more to send their children to school this year, six per cent more to be exact.

November 23, 1977

Rex Boice, a well known Haliburton resident and businessman, has donated \$20,000 to make up the entire public share of funds to build a park north of the CNR tracks.

November 30, 1977

The Haliburton County Social Planning Council will not be folding, instead the council has found new life after a good turnout at the last meeting. Dr. Edward Christiansen, chairman of the council, told The Echo and Recorder that the people

present at the last meeting voted unanimously to keep the group going. He said that 17 people were on hand for the meeting.

December 7, 1977

The population of Haliburton County is up to 201 residents over 1976 according to the latest census. The population is presently 10,554 compared to 10,353 one year ago.

December 14, 1977

The Central Ontario Travel Association will likely approach Haliburton County Council for the \$4,000 membership fees for the area to join the association.

December 21, 1977

Rick Poole, chairman of the Haliburton County Board of Education has resigned from that position because he is leaving the area. Scott LaRue has been appointed a trustee on the board.

County sports

BY JIM BADGLEY

Sports writers have a habit of making predictions, and to make the predictions worse, they have a habit of printing them in newspapers so everyone can see.

My batting average over the past couple of years has improved. I was totally correct last year when I said that the Toronto Blue Jays would finish last in the team's division in the American League. I was right again when I successfully predicted that the Toronto Argos would not win the CFL championship, or not even that many football games over the entire season.

One shouldn't rest on past laurels, but I was right again when I said the Montreal Canadiens would win the Stanley Cup in 1977.

One can see the difficulty I must have had in coming up with these tremendous predictions. I wouldn't blame anyone for going up and down the street next week saying what a great insight into sports Jim Badgley has.

I must admit though that there were some predictions that were not exactly correct. The Cincinnati Reds didn't win the National League Pennant, let alone the World Series, like I predicted in my column just 12 months ago.

There were other failures as well. I said that the Haliburton Beaconbrook Midgets could win an All-Ontario Championship. Wrong again.

The team gave it a strong effort but an inability to win at home in a series against Beaverton cost the team any chance it had.

Locally I only made another prediction that was even close to coming true. I said that the Haliburton Huskies, in the 1976 to 1977 season, would be contenders for the OHA Junior D League championship.

Sure enough all last season the players went out to make me look like a fool. The club lost game after game and ended up near the bottom of the league standings.

At playoff time it was a different story. The Huskies came up with a strong effort and downed Bobcaygeon in one round and then had Lakefield down three games to two in the series and one goal in the sixth game before losing it in overtime and then losing the deciding game in Lakefield.

Next week I will give you people the opportunity to see how I will be calling them for 1978 before you decide to put any money on the line.

Big Fish contest

Two all-time records were smashed in the 1977 "Molson's" Big Fish Contest operated by the Ontario Federation of Anglers and Hunters.

Mark Kontainen's 54 1/2 pound musky was over 3 pounds bigger than the previous Maskinonge winner caught in 1975. The Agincourt angler used a Swim Whiz to tempt his Moon River monster in the cold weather of late October. It was 58 inches long and had a girth of 29 inches.

A combination of spawn and marshmallow was Lucky Harris's secret to success as he battled his 38 pound, 7

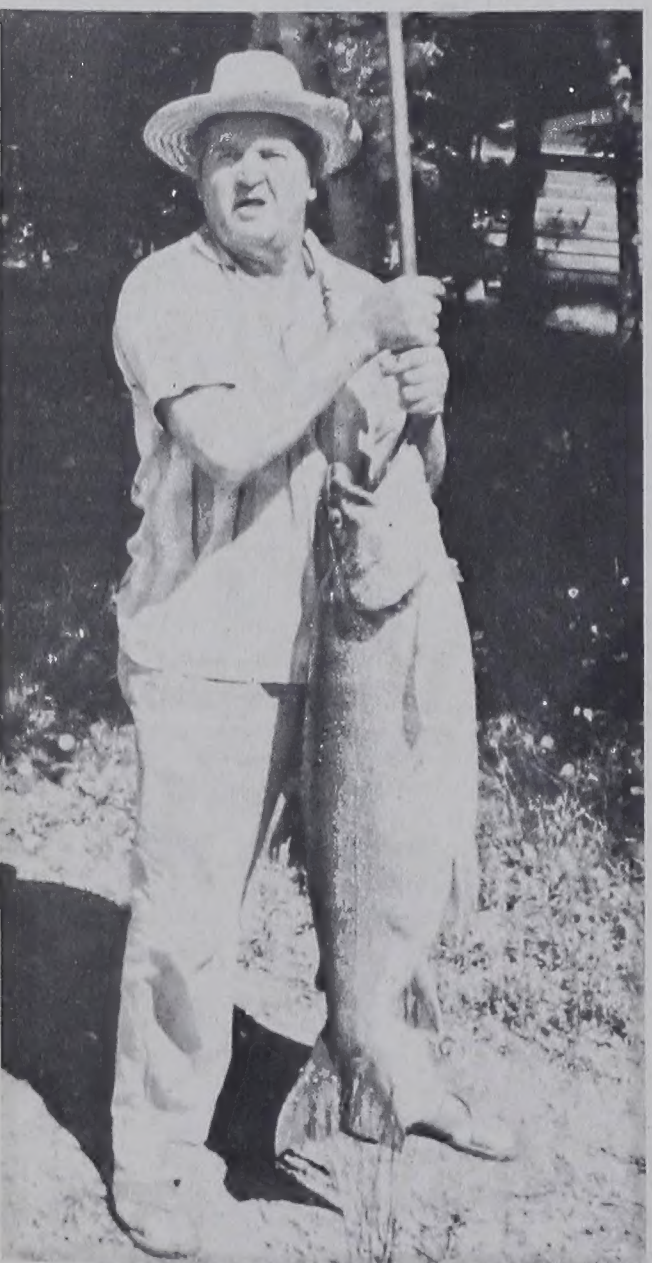

ounce chinook salmon from the mouth of Bronte Creek at Oakville. Living up to his nickname, Lucky topped the previous contest record for salmon by almost twelve pounds, and caught his beauty in the late September run.

Robert Tirilis of Hamilton proved that Haliburton's Drag Lake is still one of Ontario's big lake trout producers. He hooked his 38 pound, 8 ounce lunker while trolling deep with his small Williams Whitefish in late June.

Although Alfred Morris's 31 pound Northern Pike was smaller than others caught in

recent years, it was the largest entry in 1977 and took the Molson's money. The Illinois angler hauled his catch from Little Vermilion

See page 7

Robert Tirilis of Hamilton took the first place prize in the Lake Trout section of the Molson's Big Fish contest with this 38 pound, eight ounce fish caught in Drag Lake in the Haliburton Highlands.

Haliburton - The Haliburton Travelways Huskies can win hockey games as long as the club has a full lineup and the team proved it Friday night when it downed Bewdley 5-2. Haliburton played against Colborne last week with a number of players missing and took a 9-2 beating.

Haliburton is in fourth

place. Friday night Haliburton got a big performance from its top scoring line of Joe Roberts, Andy Salvatori and Dwight Sisson.

Salvatori scored two and assisted on one other, Roberts counted once and assisted on two and Sisson picked up two assists.

Other goals scorers for

Haliburton were Barry Shaw and Randy Barras.

Bewdley got on the score sheet at 7:35 of the first period when David Pritchard connected from Paul Clarke. Bewdley was short-handed at the time.

Salvatori evened the score at 1:32 of the second period when he put the puck in the net on a play from Roberts and Shaw.

Huskies worst display means loss to Colborne

Colborne - The Haliburton Travelways Huskies were short staffed and came up with one of the club's worst efforts of the season, losing 9-2 to Colborne.

The team downed Colborne 11-4 last week.

Haliburton had only 12 players for the loss including the two goaltenders.

Colborne opened the scoring at 6:10 of the first period when Alan Mills scored unassisted.

The score went to 2-0 at 8:34 on a goal by Pete Williams from Randy Fife.

Haliburton got back into the contest for a few minutes at least, when Andy Salvatori scored from Barry Shaw and Joe Roberts.

Colborne's Fife scored the eventual winner at 18:38 of the opening frame with a solo effort.

The score went to 4-1 at 19:37 of the period on a goal by Marty Kernaghan from Fife and Ian Williams.

Colborne got going again at 1:54 of the second period when Mills scored from Garth

Robbins and Trevor McBride. The home team ran the count to 6-1 at 12:31 of the middle period on a goal by Kernaghan from Ian Williams.

Haliburton got on the scoresheet again at 3:24 of the final period when Derwin Barry connected from Dwight Sisson and Larry Stinson.

It was Kernaghan again for Colborne at 4:19 when he beat Randy Ellison on a play from Ian and Pete Williams.

Pete Williams made the score 8-2 at 7:40 of the final period with Ian Williams and Fife assisting.

Fife scored the final goal

for Colborne at 13:11 of the period on a play from Pete Williams.

Colborne took a total of 20 penalties in the game including a misconduct to Fife and a match misconduct to Kernaghan with 27 seconds remaining in the game.

Roberts received a game misconduct in the same incident. Haliburton took a total of seven penalties.

The Haliburton Huskies will see action again on January 6, when Lakefield travels to the Dysart Community Centre. The game is scheduled to get underway at 8:30 p.m.

Scott happy with Bill

from page 1
seeing government acceptance of some of the criticisms made in committee. It was disappointing however to note that the government did not accept the suggestion that they consider adopting a policy presently in place in the Ontario Election Act whereby returning officers and poll clerks in individual ridings were of differing parties. Such a provision would have helped to extend the spirit of the Act but the government did not seem disposed to accept this suggestion at the present time. Regardless, passage of Bill C-5 modernizes and makes the Canada Elections Act more in keeping with the open approach to Government.

Liberal task force makes tourism recommendations to the government

The Ontario Liberal Party Task Force on Tourism, headed by Victoria-Haliburton MPP, John Eakins, has prepared a list of recommendations for the provincial government.

"Although our schedule of meetings will not be completed until the spring of 1978, we feel that it is essential at this time for the provincial government to institute certain measures without further delay so that the tourism sector of this province might be afforded a higher profile. No other two sectors of Ontario's economy can be more in need of improvement at this critical time in our economy than our industrial sector in general and our tourism sector in particular.

"We therefore submit to the Premier and the Ministry of Industry & Tourism the following recommendations for consideration before our final report is issued.

1. "That the Ministry of Industry & Tourism be realigned so that Tourism be joined with Culture & Recreation and in so doing bring into sharper focus the tourism aspects of this Ministry (such as the Ontario Heritage Foundation). Consideration should also be given to co-ordinating the provincial parks sector of the Ministry of Natural Resources with the Tourism sector of the realigned Ministry. We also propose that in light of the overwhelming support on all sides of the House for the Small Business Act, that the Industry side of this realignment become a Ministry of Industry & Small Business.

It is to be noted that the Task Force is not recommending the establishment of a new ministry but simply a realignment of present departments.

2. "That the provincial government undertake to re-establish a committee along the lines of the Legislative Committee on Natural Resources & Tourism whose last

report was issued in 1970. This had provided an opportunity for the tourist sector to meet with the government every year to discuss their current concerns. The Task Force feels that the dissolution of this committee may have been a contributing factor to the crisis in today's deteriorating relationship between the tourist sector and the government.

3. "That the provincial government commit its tourist dollars more directly to financially assisting the individual operator and away from the present trend where relatively scarce government dollars seem to find their way to consultants' studies and Minaki-like misadventures.

"Our final report will not be ready until the spring of 1978 due to the number of centres in the province who have indicated to us a desire to have the Task Force meet in their regions. However, we feel that time is a critical factor and that our meetings thus far have allowed us to gain an understanding from a fair cross-section of the province.

"By presenting these recommendations at this time, it is intended for the government to act upon these measures before the Legislature reconvenes in 1978 in order that the tourist industry might begin to reaffirm its rightful position as one of this province's economic strengths."

The record cold temperatures we had a week ago, caused havoc with the water supplies on many farms. And this could just be a foretaste of what's to come - if we believe those forecasters who claim we're going to get another cold winter.

The use of outboard motors will be limited to 39 lakes in the park.

Following recommendations contained in the Algonquin Master Plan, regulations were established in 1974 to restrict use of outboard

This 54 pound, 8½ ounce Maskinonge, caught in the Moon River, is the largest ever entered in the Molson's Big Fish Contest. Mark Kontainen, of Agincourt, caught the fish. According to a news release from the Ontario Federation of Anglers and Hunters the fish may be world line class record.

Big Fish Contest

from page 6

Lake in Northwestern Ontario and used a Rapala to fool it.

A rapala also helped Bob Carpenter of Niagara Falls take his 15 pound, 4 ounce Walleye from Georgian Bay in early May.

Live bait was the answer for Eldon Jewell of Lakefield as he used a frog to entice his 8 pound, 2 ounce largemouth bass from the waters of Cox Lake, north of Peterborough, in early August.

In the smallmouth bass category, Ohio Angler, William Copeland, fooled a six pound, 14 ounce beauty with a plastic purple nightcrawler. Little Pogamasing Lake, northwest of Sudbury, produced this winner in late August.

Lake Nipigon and the Nipigon River have consistently produced prize winning Brook Trout and 1977 was no exception. Five of the top seven speckles came from those waters east of Thunder Bay. Sam De Marchi of

Hamilton led the parade with his 8 pound, 6 ounce beauty taken on a Mepps spinner in mid-September.

The rapala came through again in the Rainbow Trout category as Manson Battler of Cambridge used his to catch a 25 pounder in the bay at Owen Sound.

According to Rick Morgan, Executive Director of The Ontario Federation of Anglers and Hunters, and Administrator of the Big Fish Contest, the biggest winners overall did not take first prize in any one category. "Those fishing fanatics from Brampton, the Donnelly's are the one's who really cleaned up. Between Brian and his wife Mariella they received 11 Molson's Honour Certificates and won cash prizes in 4 separate categories for six different fish. Mariella took 8th in Northern Pike and twelfth in Rainbow Trout. Brian took 2nd in Largemouth Bass, 3rd in Salmon, and fifth

and eighth in Rainbow Trout. Between them they earned \$205.00 of Molson's prize money." In all, \$4500.00 was up for grabs. Total entries were approximately 10% higher than the previous year.

A seven pound two ounce largemouth bass caught in South Canning Lake, in Snowdon Township was the 15th largest entered in the contest. The fish was caught by Gary Bray, of Scarborough.

Dorothy Haley, of Oak Ridges caught a six pound 12½ ounce smallmouth bass in Head Lake in Laxton Township. It was the second largest caught in its category.

Doug Lavender, of Oshawa, caught a six pound three ounce smallmouth in Cranberry Lake, Guilford Township to take 14th place in that category.

Frozen water lines

Keeping the water supply from freezing up is important on every farm. Here are some ways to keep your water lines open.

The most common mistake is not burying pipes deeply enough. In this part of Central Ontario, water pipes

should be at least 4 feet in the ground.

If your pipes are not deep enough to escape the frost during an extra cold winter, you can haul some dirt in to cover the area. Or a covering of straw could help provide extra insulation.

Outboard Motors in Algonquin will be restricted next year

Regulations controlling and limiting the use of outboard motors on certain lakes in Algonquin Provincial Park will become effective in 1978. Natural Resources Minister Frank S. Miller said today.

The use of outboard motors will be limited to 39 lakes in the park.

Following recommendations contained in the Algonquin Master Plan, regulations were established in 1974 to restrict use of outboard

motors in excess of 10 horsepower to 16 lakes, up to 10 horsepower to 11 lakes and prohibited use of motors on all other lakes.

"These regulations have never been enforced in order to allow park users to adapt to them and to prepare for the time when they would be enforced," said Mr. Miller. "However, during this period of information and education, some anglers who had traditionally used small motors on some interior waters, viewed the restrictions as too severe."

"Accordingly, I referred the matter to the Provincial Parks Council which advises me on parks policy. Based on its recommendations, regulations effective in 1978 will be the same as those previously introduced but they will now include provision for motors up to six horsepower on 12 additional lakes during the spring and fall fishing periods only," Mr. Miller

added.

Algonquin Park lakes on which outboard motors in excess of 10 horsepower will be permitted are Bonita, Cache, Canoe, Cedar, Gale, Kingscote, Kioskow, Lake of Two Rivers, Little Cauchon, Opeongo, Rock, Smoke, Source, Tanamakoon, Tea and Whitefish.

Lakes on which motors up to 10 horsepower will be allowed are Cauchon, Cauliflower, Grand, Joe, Traverse, Little Joe, North Tea, Radiant, Rain, Tepee, and Manitou (formerly Wilkes Lake).

Additional lakes on which motors up to six horsepower will be permitted, except for the period from the last Friday in June to the first Sunday in September inclusive, are Big Crow, Bonfield, Dickson, Hogan, La Muir, Lavielle, Little Crow, Little Dickson, Proulx, Sundassa, White Partridge and Wright.

SNOW ROUTES

No parking will be permitted on Snow routes which interfere with snow removal operations. Failure to observe this regulation will result in removal by wrecker, authorized by the Road Superintendent, Sidney Roberts, OF THE OFFENDING vehicle and impounding all towing fees are paid.

Wayne B. Wood, AMCT,
Clerk-Administrator

APPOINTMENT

Walter Stewart, General Manager of Frost Insurance Agencies Ltd., is pleased to announce that Betty Hodgson has been appointed Manager of the Haliburton Office. Betty has successfully completed the Ontario Insurance Agents and Brokers Association Insurance Course. Betty has been associated with the Frost Insurance Office in Haliburton since 1970.

Frost Insurance has maintained an office in Haliburton since 1946 and will continue to provide the excellent service to the people of Haliburton County under the Management of Betty.

News from Extendicare

by Charles Plewman

Grade 3 children from Victoria St. school visited us Monday afternoon, bringing with them Mrs. Rosemary Malotte their director and Bill Gliddon their pianist to show us how Christmas carols should be sung and to show us a skit they prepared "how Mrs. Santa Claus saved Christmas." They did just that and the skit was very well played very much to the

enjoyment of the children playing it and to ours. Before

playing it and to ours. Before they left they gave each one of us residents a Christmas card of their very own making. Our thanks go to the grade 3 children of Victoria Street School.

The Canadian Girls in Training favoured us with a visit Monday evening to en-

ertain us with Christmas carols with their leader Beulah Tyler and Jackie Picard pianist and president. They managed their entertainment very well, leaving us with the memory of an hour of fine singing. Haliburton can be proud of the abundance of good voice material that we have heard up to now in this festive period.

Rev. Trevor Denny's communion service Tuesday morning was held in Christmas trappings in the lounge with its decoration, and with the singing of Christmas Carols. Miss Sheila Elston pianist. This was well attended and was a nice change.

The sewer construction has finally reached the extendicare plateau and only a day or so it seems and Park St. will be finished, unless connecting is done only after all the lines are complete.

For a matter of record, we are informed that the sun reaches its lowest today December 21, at 6:24 p.m. E.D.S.T.

The above has been written by Dr. O. W. Anderson who is away spending Christmas with his daughter in Deseronto. He will resume the

editorial responsibility on his return.

On Wednesday the 21st our staff and residents celebrated their annual Christmas Dinner and party in order to let those who desire to spend Christmas with relatives. Over 100 persons were present and sat down to a sumptuous meal. It was a gala affair with the atmosphere of a big family. Willing hands had decorated the dining room. Miss Sheila Elston and Mrs. Miriam Lewis with the help of others arranged and decorated the tables in an attractive fashion. As in all our social activities informality was the order of the day. Ray Jenkins tickled the piano and also the audience. Harold Broadhagen played the violin. The staff well disguised put on a stunt and at times tripped the light fantastic. They called themselves the "Extendibabies."

As usual Aunt Martha got into the act. The Reverend Trevor Denny with his deep Ho Ho Ho kissed all the ladies and made an excellent Santa. Altogether it was a very happy and bang up affair. We are indebted to the following volunteers who took the place of the staff on waiting on tables.

Oiga Black, Judy and Jackie Hutchings, Cheryl Dillon, Sheila Barnes, Kelly Linkert, Maria Rosenberg, Pat Burk Jr., Lori Hummel.

Due to icy conditions Santa Claus was a little late in arriving and being stout was out of wind. He lost no time in presenting each resident with a Christmas present taking a poetic licence to kiss all of the ladies. The presents were made possible by the following groups: Haliburton A.C.W., West Guilford A.C.W., Wilberforce A.C.W., Gooderham Pentecostal W.G., Haliburton U.C.W., Ingoldsbay U.C.W., Lochlin U.C.W., Baptist Church Ladies, Salvation Army, Eagle Lake Women's Group, Fort Irwin Ladies' Group, Haliburton Full Gospel Ladies, Haliburton Full Gospel Businessmen and several of our volunteers. Miss Sheila Elston our Administrator wished one and all a Merry Christmas and a Happy New Year. She

took this opportunity to congratulate Mrs. Miriam Lewis our Activity Director who master minded the program. This was followed by singing She's a Jolly Good Fellow.

On Thursday morning we were entertained with Christmas Carols by children from the Victoria St. School who I must say sang very well. The meeting was held at the United Church. In the afternoon we held a Birthday Party for Myrtle Johnston.

Christmas Day was celebrated in a relatively quiet way with the residents having lots of opportunity to have a good time with their visiting relatives and friends.

On Friday our Devotional

period was led by the Rev. Glen Rosch. His theme was "Christ the Great Deliverer." He brought with him a family of trumpet players whose names were Michael Wright, David Wright, and Don Wright.

In keeping with the season he presented 2 records with the compliments of the Full Gospel Lighthouse.

The New Year
Peace to Men of Good Will. The Christmas season has come and gone. Most of us have been talking of good will and peace, and all in a world that is one awful mess, there can be no world-wide peace where there is hatred and distrust. Love alone can heal

the open sores of humanity. Christmas cards and their best wishes are alright but what will really happen in the New Year depends on you and me. It is when we change our selfish ways and become ambassadors of good will that things will change. With the New Year just around the corner this is a good time to take stock of ourselves - to ask the question of where we are falling down and what we are going to do about it.

The leopard cannot change his spots but you and I can change our behaviour. Most of us would be happier people if we only treated others more kindly. The New Year is yours to make - Make it a Knockout.

McNeil - Emmerson

from page 5

ester were - Mrs. Laura Emmerson, sister-in-law of the bride, Mrs. Ingrid Treusch, a friend, Miss Kelly McNeil, sister of the groom.

They carried matching bouquets.

Miss Marla Emmerson, niece of the bride gownned in the same colour and style, carried a basket of rose petals of which she strewed down the aisle for the bride to walk on.

The groom's niece, Carrie Lee Bender was the flower girl and Shawn Emmerson nephew of the bride was ring bearer.

Mr. Murray Stark was best man and the ushers were Mr. Glen Bender, brother-in-law of the groom.

Mr. Bob Bruce and Mr. Ewe Jetter.

The sanctuary was beautifully decorated for the occa-

Damage over \$400

Minden - As of Jan. 1 reportable damage in an automobile accident will be \$400. and over.

Presently \$200. damage is needed to make an accident reportable to the police.

From Lumberjack to Wheat Farmer

from page 2

know where the rum runners were is an insult to their intelligence. Everyone else knew where the liquor was and the roads used to run it around the country. To say the police did not know is just not so. Maybe their numbers were too few, but for some reason they failed to intercept very much of it.

Every day we hear of terrible accidents in which liquor is involved. I want here to mention two wrecks at sea in which liquor was involved and which caused great loss of life. In our old school books there is the story of the white ship which went down in the English Channel with all on board save one survivor. Prince William, Son of Henry 1 and heir to the throne of England, and his royal party, were lost.

The white ship was the pride of the seas. It could sail faster than any ship afloat and this was to be a gala crossing from France to England. The prince ordered three casks of wine for the crew and when the ship left port there was not a sober seaman on board. Soon after leaving port it struck a rock and went down with only one survivor.

The other sea tragedy was the sinking of the Titanic in April, 1912, where 1500 people lost their lives in the cold waters of the Atlantic. I remember the accident well. The lookout man warned there were icebergs ahead, but the crew were too drunk to change the course of the ship.

We hear of so many airplanes going down soon after takeoff. I wonder just how many of those accidents are due to pilot failure caused by liquor.

If a disease was to hit the country that caused half as much death and destruction as liquor does, the government would jump in with both feet and stamp it out. But liquor men have money. Politicians want money either over or under the table and as a consequence the liquor men have things their own way.

Our new morality has built a halo around the use of liquor. Even the United Church recommended to the Saskatchewan Alcohol Commission that minors be served liquor in licensed premises if accompanied with their par-

ents, and on Sunday at that. I shudder to think what our future society will be like in the years to come when all restraints are thrown to the winds.

wintario BONUS DRAW

Extra one million dollars for 100 bonus prizes of \$10,000 each.

A buck, and you're in for both.

For the January 5 Wintario draw, your Wintario ticket has two sets of numbers - one for the regular Wintario draw, for between \$3 and \$4 million in prizes. And the other for the special million-dollar Bonus Draw - with one hundred extra prizes of \$10,000 each. In accordance with the Lottery regulations, all unclaimed prize money is retained in the prize fund until the expiry of the one-year claiming period. It is then transferred into a special prize fund to be

available for additional or bonus prizes in subsequent draws. January 5 is our sixth Bonus Draw. On the occasion, to accommodate the advance bonus drawing, ticket sales will cease at 6:00 p.m. Thursday January 5, 1978. So get your ticket now, because they're going fast. And watch the special one-hour Wintario show live on TV from the Leah Postluns Theatre, YMWHA, Toronto, January 5 at 9:00 p.m. one year claiming period.

Get your ticket now.

Gems of Truth

That the terms "Kingdom" and "Church" as used in Scripture are not synonymous or the same thing is very evident from the many instances where they differ in Scriptural terms. For instance the disciples asked our Lord as recorded in Acts 1:6 "Wilt thou at this time restore again the Kingdom to Israel?" Certainly this question had no reference to the "Church", as it was not yet in existence. Neither could it refer to the Gentiles as there is no such thing as "restoring" that which has never been promised or rejected by either. You cannot restore that which has never been taken away or lost.

There was absolutely no

doubt whatever in the minds of the disciples as to the restoration of the Kingdom, their only inquiry was as to the "time." The question shows clearly that they were aware that it had been rejected by Israel in refusing to acknowledge their King who had come unto them.

The Lord's reply confirms this for He said "It is not for you to know the times or the seasons", Acts 1:7 There is no suggestion here whatsoever as to the Kingdom being supplanted or merged into the Church. These two are absolutely distinct from one another and are as distinct as Jew and Gentile.

It is quite permissible to say that nearly all of the errors of the professing Church may be attributed to the failure to distinguish between things that differ. If we persist in reading Church truth into that of the Kingdom, then there is no clear understanding of the Word of God. Unfortunately many teachers are quite contented with this method of jumbling up Scriptural terms and they use words like, "Jews," "Gentiles", "Church", the "Kingdom", "Zion", "Jerusalem" etc almost intermittingly and certainly indistinctly.

Scripture is very explicit in stating the purpose for which the Lord Jesus Christ came. In Matthew 15:24 we read, "I am not sent but unto the lost sheep of the House of Israel". These are Jesus own words and His words need to be taken at face value. To the disciples He said, "Go not into the way of the Gentiles... but rather go to the lost sheep of the House of Israel, and preach, saying, the 'Kingdom of Heaven' is at hand". Matt. 10:5-7. This same message was the burden of His forerunner, even John the Baptist Matt. 3:2; 4:17-23. John the Apostle says, "He came unto His own, and His own people Israel received Him not." John 1:11. Jesus came to His own people Israel to save them from their sins. Matt. 1:21, and to establish His Kingdom, but they would not have Him and said, "Come, let us kill Him, that the inheritance may be ours Luke 20:14. Thus, since they (the nation Israel) did not want Him, that for which Jesus had come to do, is held off, or awaits the day, "until the fullness of the Gentiles be come in" Romans 11:25. It is during this waiting period that the Church has come into view and will continue until the rejected King appears again and the Kingdom shall most certainly be restored.

Just what is happening in the meantime? Salvation is come unto the Gentiles. Romans 11:11. Israel's apparent loss occasions "riches of the Gentiles. This mystery was hid in God and not revealed before the King and Kingdom was rejected by Israel. Eph. 3:9. This was God's "eternal purpose" 3:11 but only revealed to the Apostle Paul who was God's choice to proclaim Church truth. Once again it must be known that Kingdom truth and Church truth are two distinct things and do not allow for mixing.

It must be admitted that it is not always easy to determine the sense in which the expression should be interpreted, but strict adherence to the context in which the word appears should suffice. There are a very few strictly limited number of passages

where Kingdom has to do with the believer or Church. These expressions are found in the Book of Acts and the Epistles because this is where the Church began and ministered too. However, the vast majority of the usage of the word Kingdom has strictly to do with Israel and to mix up the two makes havoc of proper understanding of either Church or Kingdom.

In Matthew 13 the expression "Kingdom of Heaven" cannot mean, as is so frequently taught, what is understood of Heaven, nor can it refer to the Church. A trial at using or substituting "Heaven", "Church", or "The Gospel" for "Kingdom of Heaven," will clearly show how impossible such an interpretation is. That phrase embraces the Church age or Christendom as we know it.

[Cont'd. next week]

Dear Abby

DEAR ABBY: My husband is a very attractive middle-aged man who has never fooled around as far as I know.

The company he works for sends him and a professional female co-worker out of town together (just the two of them) on business trips for several days' duration.

It seems to me that since it wouldn't be proper for just the two of them to have dinner together here in our home city, it's hardly fair for the company to send them out of town together.

My husband says it's strictly a business relationship, and I believe him. But she's pretty, young and single, and being only human, all that togetherness away from home could hatch a problem that's bigger than both of them.

How should I handle this?

JUST PLAIN JEALOUS

DEAR JEALOUS: What's to handle? Say nothing. Continue to trust him; expect the best and you'll probably get it. Any other action on your part would be unwise.

DEAR ABBY: Our son and his fiancée are being married soon. Our names were not included on the wedding invitations. When we asked our son about this, he said it was strictly up to the bride, and she selected the form that omitted the names of the bridegroom's parents.

Our friends and relatives disagree. They say that it is a slap in the face and a snub to us, and if we had an ounce of pride, we would not attend our son's wedding. After all, he wasn't laid on a log and hatched by the sun!

Who is right, Abby? What would you do?

HURT IN PENNA.

DEAR HURT: The standard American wedding invitation does not include the name of the groom's parents, so the bride should not be faulted for having selected that style. I would go to the wedding and bear no grudge.

DEAR ABBY: This is in response to the article about the girl who wore braces on her teeth. She said her boyfriend also wore braces, and when they kissed it was like running into a barbed wire fence, and it hurt.

Well, I'm a 22-year-old guy who's been wearing braces for three years, and I know exactly how she felt. When I used to kiss a girl with braces, it was like two freight trains colliding head on!

Braces have improved my kissing. I now kiss very slowly, gently and tenderly. I get compliments on my kisses all the time. I'm sure if it weren't for my braces I never would have learned how to be such a neat kisser.

LEFTOVER POULTRY
Your leftover cooked poultry should be used within four to five days or frozen and used within three months. Always wrap frozen foods with proper freeze material or the meat will dry out and lose flavour.
Save bones, small pieces of meat and skin from cooked poultry to make soup stock. Boil them in water with seasonings such as celery leaves, onion, bay leaf, carrot, salt and pepper. Stock can be used for soup later by adding chopped raw vegetables, pieces of meat, noodles or rice. By the way, don't waste all those valuable nutrients left in the liquid from your cooked vegetables - add this liquid to the "stock pile" each day. It will make it go further and be still more nutritious.
HAPPY NEW YEAR!

Home of the Week

PLAN N° 65-1152
WIDTH: 44 ft.

SURPRISING TWO STOREY CONVENTIONAL

Plan Number: 65-1152

This two bedroom traditional cottage conceals an amazing amount of space within its shutter-accented and horizontal siding exterior.

The entrance leads immediately into the large den on the left, or the enormous rectangular living/dining room combination with centrally-positioned, raised hearth fireplace. The dining room is separated from the patio by centre-opening double doors - the latter quite simply modified to sliding glass for those who prefer.

A two piece bath adjoins the kitchen, opposite a double-sized storage closet.

The single car garage provides ample room to the rear for a workshop for the home handyman. Extra space alongside the garage allows for the future development of a good-sized utility and mud room combination, or a family room for active children.

Each of the bedrooms has generous closet space and an L-shaped layout which again allows for future growth. The master could have a large

walk-in closet, or some combination of lounge-closet-ensuite, etc. The second bedroom could also have ensuite with shower or lounge in its extra space, for those who require additional room, the downstairs den could be turned into either a bedroom or office for the business or professional family.

And we still have a full basement to be developed into a recreation room, hobby area, storage facilities, or whatever, for the growing family.

Plans for design No. 65-1152 may be obtained at a cost of \$50 for the first set and \$9 for each additional set, plus \$4.00 for postage and handling. B.C. residents please include 7 per cent sales tax.

Send for the current edition of Select Home Designs Series #34 featuring imaginative decorating and home improvement ideas plus 350 quality home plans of every type. Available for \$2.25 (\$1.75 plus 50 cents postage and handling.) To order these items please send cheque or money order payable to the Home of the Week.

Address to: Home of the Week, c/o The Haliburton County Echo and Minden Recorder, 382 West Broadway, Vancouver, B.C., V5Y 1R2.

IN MEMORIAM

CRUIKSHANKS - In loving memory of a dear Father and Grandfather Raymond (Ray) who passed away January 2, 1975 also a dear Mother and Grandmother Francis (Maymie) who passed away February 11, 1962.

Silent memories keep them near,
As time unfolds another year,
No longer in our lives to share,
But in our hearts they are always there.

Lovingly remembered by the Family.

I am a community newspaper...

While the high and the mighty strut and stamp across the world's stage, six women go out to visit the elderly.

A small boy scores the winning goal in a hockey game. An amateur theatre group produces a smash hit. A town council passes an important new law.

The real lives of real people. People who don't start wars, who don't build empires, who don't go into the history books. But whose stories are exciting, interesting, vital and important. Stories that should be told.

And I tell these stories every week. Because I am a community newspaper.

I am a community newspaper. My arena is not Parliament, the White House, the U.N.—it is the neighbourhood. The community. But what I have to say about it, touches my readers' lives every bit as much as that larger drama. Maybe even more.

I am a community newspaper. I am welcomed into hundreds of thousands of homes every week. Not as an intruder, shrieking out the harshness, violence and complexity of the world. But as a friend. A mirror of my readers' lives. Their joys, sorrows, accomplishments.

I am a community newspaper. I am proud, tough, independent. I know when to smile, when to grumble, how to chide, how to help.

I am a community newspaper—in a great community. And I'm proud of it.
